INDEPENDENT AUDITOR'S REPORT

Board Members of the
Louisiana Soybean and Grain Research and Promotion Board
Baton Rouge, Louisiana 70895-9004

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Louisiana Soybean and Grain Research and Promotion Board (the Board), a component unit of the State of Louisiana, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Louisiana Soybean and Grain Research and Promotion Board as of June 30, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and budgetary comparison information on pages 6-9 and 23 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements is required by the Governmental Accounting Standards Board, who consider it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements.

I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

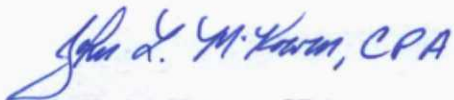

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Schedule of Per Diem Paid to Board Members, the Schedule of Unrestricted Net Position, and the Schedule of Assessments Paid to United Soybean Board on pages 25 through 27, along with the Other Required Supplementary Information beginning on page 35 are presented for purposes of additional analysis and are not part of the basic financial statements.

Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated August 13, 2014, on my consideration of the Louisiana Soybean and Grain Research and Promotion Board's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the

results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Louisiana Soybean and Grain Research and Promotion Board's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014

The purpose of this section is to offer a narrative overview and analysis of the Louisiana Soybean and Grain Research and Promotion Board's (hereafter referred to as the Board) financial performance during the year ended June 30, 2014. It focuses on the current year's activities, resulting changes and currently known facts. It should be read in conjunction with the financial report taken as a whole.

Financial Highlights

- The Board's assets exceeded its liabilities at the close of the year by \$2,723,876
- More than 69% of the Board's revenues were spent directly on research and promotion projects

Overview of the Financial Statement Presentation

These financial statements are comprised of these components – (1) management's discussion and analysis, (2) basic financial statements, (3) notes to the financial statements and (4) required supplemental information. There is also other supplementary information contained in this report provided for additional information.

Basic Financial Statements. The basic financial statements present information for the Board as a whole in a format designed to make the statements easier for the reader to understand. Statements in this section include the following:

Statement of Net Position. This statement presents information on all of the Board's assets, deferred outflows of resources, liabilities, and deferred inflows of resources separately. The difference between assets plus deferred outflows and liabilities plus deferred inflows is net position, which may provide a useful indicator of whether the financial position of the Board is improving or deteriorating.

Statement of Revenues, Expenses and Changes in Net Position. This statement presents information showing how the Board's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. This statement is designed to show the Board's financial reliance on general revenues.

Statement of Cash Flows. The change in cash as a result of current year operations is depicted in this statement. The cash flow statement includes a reconciliation of operating income (loss) to the net cash provided by or used for operating activities as required by GASB No. 34.

The basic financial statements begin on page 11.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

The index of the notes is found on page 16 with the actual notes beginning immediately afterwards.

Required Supplementary Information. As a component unit of the State of Louisiana, the Board complies with the reporting requirements of the Division of Administration, Office of Statewide Reporting and Accounting. The Louisiana Comprehensive Annual Financial Report completed with information relative to the Board is included in other required supplementary information.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain other information that is deemed useful to readers of this report.

Capital Asset and Debt Administration

Capital Assets: The Board does not currently own any capital assets.

Debt Administration: The Board does not have any debt outside of trade payables.

Economic Environment and Next Year's Budget

Ultimately, the harvested production of soybeans, corn, grain sorghum and wheat will determine the overall funds available for research and promotion projects. The Board allocates funds after the various grains are harvested and most of the assessments have been collected. Louisiana's production acreage for all these crops has changed slightly from the previous year. If normal yields are achieved, the Board will have to give careful consideration in continuing the current level of research programs. For soybean projects, the income available will also be impacted by prices since the soybean assessments are a percentage of value.

Request for Information

This financial report is designed to provide a general overview of the Board's finances, comply with finance-related laws and regulations and demonstrate the Board's commitment to public accountability. Any questions or requests for additional information can be obtained by contacting Kyle McCann, P.O. Box 95004, Baton Rouge, Louisiana 70895-9004.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

INTRODUCTION

The Louisiana Soybean and Grain Research and Promotion Board is a component unit of the State of Louisiana. It was created by Louisiana Revised Statute 3:3551 within the Department of Agriculture and Forestry. The Board is charged with the responsibility of promoting the growth and development of the soybean, wheat, corn and grain sorghum industries in Louisiana through research and promotions.

The Board is composed of twelve producer members appointed by the Governor of the State of Louisiana and serve terms concurrent with the Governor. Of the twelve members, eight shall be soybean producers while four shall be practical producers of wheat, corn or grain sorghum. The Commissioner of Agriculture serves as an ex-officio member.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying basic financial statements of the Louisiana Soybean and Grain Research and Promotion Board (the Board) have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB).

The basic financial statements present the financial position, results of operations, and cash flows of the Board as of and for the year ended June 30, 2014.

Financial Reporting Entity: As required by GASB Statement No. 61, *The Financial Reporting Entity – an amendment of GASB Statements No. 14 and No. 34*, the Board is considered a component unit of the State of Louisiana because the board members are appointed by the Governor, and there is a financial burden or benefit relationship with the State. The accompanying financial statements present only the transactions of the Louisiana Soybean and Grain Research and Promotion Board.

Basis of Presentation - Fund Accounting: Proprietary funds are used to account for the Board's ongoing operations and activities which are similar to those in the private sector. Proprietary funds are accounted for using a flow of economic resources measurement focus under which all assets and all liabilities associated with the operation of these funds are included in the balance sheet. The operating statement presents increases (revenues) and decreases (expenses) in total net position. The Board maintains one proprietary fund, the General Fund.

Basis of Accounting: The Board prepares its financial statements in accordance with accounting principles generally accepted in the United States of America. Such principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Board has elected to apply the

LOUISIANA SOYBEAN AND GRAIN RESEARCH AND PROMOTION BOARD
DEPARTMENT OF AGRICULTURE AND FORESTRY
STATE OF LOUISIANA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

provisions of all relevant pronouncements of the Financial Accounting Standards Board (FASB), excluding those issued after November 30, 1989.

Basis of Reporting: The Board has adopted GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments* and also the required portions of GASB Statement No. 37, *Basic Financial Statements – for State and Local Governments – and Management’s Discussion and Analysis – for State and Local Governments: Omnibus* and Statement No. 38, *Certain Financial Statement Note Disclosures*, which modified the disclosure requirements of GASB No. 34. GASB No. 34 established standards for external reporting for all state and local governmental entities. It requires the classification of net position into three components – invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

Invested in Capital Assets, Net of Related Debt: This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted: This component of net position is that for which external constraints have been imposed by creditors (such as through debt covenants), grantors, contributors, laws and regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted: This component of net position consists of net position that does not meet the definition of restricted, or invested in capital assets, net of related debt.

Net Position: On July 1, 2013, the Board adopted GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, which provided financial reporting guidance for deferred outflows of resources, deferred inflows of resources, and net position. State and local governments enter into transactions that result in the consumption or acquisition of net position in one period that are applicable to future periods. GASB Statement No. 63 requires that deferred outflows of resources should be reported in a separate section following assets and deferred inflows of resources should be reported in a separate section following liabilities.

Net position represents the difference between assets, deferred outflows, liabilities, and deferred inflows. Net position should be displayed in three components - *invested in capital assets, net of related debt* consisting of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any debt proceeds used for the acquisition, construction or improvement of those assets; *restricted* distinguishing between major categories of restrictions and consisting of restricted assets reduced by liabilities and deferred inflows of resources related to those assets; and *unrestricted* consisting of the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of capital assets, net of

related debt or the restricted portion of net position.

Budgets and Budgetary Accounting: The Board adopts an annual budget prepared in accordance with the basis of accounting utilized by that fund although it is not legally required to do so. It is reviewed and amended, if necessary, at each Board meeting.

Cash and Cash Equivalents: Cash and cash equivalents include amounts in interest-bearing demand deposits. Under state law, the Board may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less are considered to be cash equivalents.

Investments: Investments are limited by Louisiana Revised Statute 33:2955. If the original maturities of investments exceed 90 days, they are classified as investments. Otherwise, the investments are classified as cash and cash equivalents. In accordance with GASB Statement No. 31, investments are recorded at fair value with the corresponding increase or decrease reported in investment earnings.

Inventory: Inventory of the Board includes only office supplies and printed materials, the amount of which is considered immaterial. Therefore, the acquisition of these items is expensed when purchased, and the inventory on hand at year-end is not reported in the accompanying financial statements.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Capital Assets: Capital assets are recorded at historical cost. Depreciation is recorded using the straight-line method over the useful lives of the assets. Generally, the Board includes all capital acquisitions with a cost of \$5,000 in its fixed asset inventory. However, certain items at a cost below that amount may be capitalized if benefits of the item will extend beyond one year and/or the Board wants to monitor the item. The Board does not have any capital assets at June 30, 2014.

Compensated Absences: The Board does not have any employees.

NOTE 2 – CASH AND CASH EQUIVALENTS

The following is a summary of cash and cash equivalents at June 30, 2014:

	<u>Book Balance</u>	<u>Bank Balance</u>
Interest-bearing demand deposits	<u>\$ 3,607,674</u>	<u>\$ 3,608,674</u>

STATE OF LOUISIANA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

These deposits are stated at cost, which approximates market. Under state law, they must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding, or custodial bank that is mutually acceptable to both parties.

With the adoption of GASB Statement No. 40, only deposits that are considered exposed to custodial credit risk are required to be disclosed. The Board does not have any deposits that fall within this category. Deposits of the Board are secured with \$250,000 (Capital One) of insurance through FDIC and \$4,463,334 of pledged collateral.

NOTE 3 – INVESTMENTS

At June 30, 2014, the Board had no investments with maturities extending beyond 90 days.

NOTE 4 – RECEIVABLES

The Board receives an assessment of one-half of one percent of the net selling price per bushel on soybeans and one-half cent per bushel on wheat, corn and grain sorghum grown within the State. The assessment on grain sorghum is currently suspended, however, while the national assessment for grain sorghum established pursuant to 7 CFR 1221 remains in effect. 25% of national assessments for grain sorghum is eligible to be “passed back” to the Board from the United Sorghum Checkoff Program Board.

All other assessments are collected by the buyer at the first point of sale and remitted each month to the Commissioner of Agriculture. They are forwarded the following month, less administrative fees, to the Board. Collections to be remitted to the Board in the subsequent period included the following:

<u>Class of Receivable</u>	<u>Amount</u>
Assessments – soybean/grain	\$ 13,803
2014 Passback agreement – sorghum	<u>12,310</u>
Total	<u>26,113</u>

The allowance for doubtful accounts is set at zero percent because collection is expected at 100%.

NOTE 5 - LEASES

The Board did not have any operating or capital leases at June 30, 2014.

NOTE 6 – ACCOUNTS AND OTHER PAYABLES

In addition to trade payables relating primarily to research contracts, the Board is obligated to pay one half of the net collections it receives on soybeans to the United Soybean Board pursuant to the federal Soybean Promotion and Research Order.

The following is a summary of payables at June 30, 2014:

<u>Class of Payables</u>	<u>Amount</u>
Accounts	\$ 894,576
Assessments	<u>15,334</u>
Total	<u>909,910</u>

NOTE 7 – LONG-TERM LIABILITIES

The Board has no long-term debt.

NOTE 8 – RELATED PARTY TRANSACTIONS

The Louisiana Soybean and Grain Research and Promotion Board is a member of the United Soybean Board and has certain compliance requirements to that Board in accordance with the Soybean Promotion Research and Consumer Information Act. The Louisiana Soybean and Grain Research and Promotion Board is required by federal law to remit one half of its soybean assessments, net of collection fees due the Louisiana Department of Agriculture and Forestry, to the United Soybean Board, and accordingly, made has made or accrued payments of \$1,712,377 to the United Soybean Board during the year ended June 30, 2014.

NOTE 9 – LITIGATION

There is no litigation that would require disclosure in this report.

NOTE 10 – SUBSEQUENT EVENTS

There have been no events between the close of the year through issuance of this report that would materially impact these financial statements.

SCHEUDLE OF ASSESSMENTS PAID TO UNITED SOYBEAN BOARD
YEAR ENDED JUNE 30, 2014**

Under the United States Soybean Promotion, Research and Consumer Information Act, the United Soybean Board is allowed to assess one-half of one percent of the net selling price of soybeans sold by the producer to the first purchaser. This Act further states that, "No more than one assessment shall be made on any soybeans" and that, "The Board shall use qualified State soybean boards to collect such assessments in States in which such boards operate." As a result, the Louisiana Soybean and Grain Research and Promotion Board is required to collect assessments from soybean producers on behalf of the United Soybean Board.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board Members of the
Louisiana Soybean and Grain Research and Promotion Board
State of Louisiana
Post Office Box 95004
Baton Rouge, Louisiana 70895-9004

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Louisiana Soybean and Grain Research and Promotion Board, a component unit of the State of Louisiana, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Louisiana Soybean and Grain Research and Promotion Board's basic financial statements, and have issued my report thereon dated August 13, 2014.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Louisiana Soybean and Grain Research and Promotion Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Louisiana Soybean and Grain Research and Promotion Board's internal control. Accordingly, I do not express an opinion on the effectiveness of the Louisiana Soybean and Grain Research and Promotion Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet is important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not

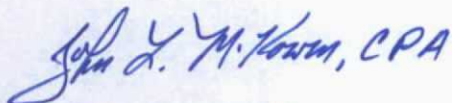

identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Louisiana Soybean and Grain Research and Promotion Board's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit conducted in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE WITH THE SOYBEAN PROMOTION, RESEARCH AND
CONSUMER INFORMATION ACT AND THE SOYBEAN PROMOTION
AND RESEARCH ORDER, BASED ON AN AUDIT PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

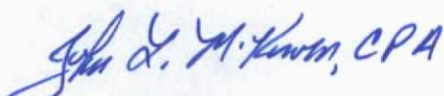

To the Board Members of the
Louisiana Soybean and Grain Research and Promotion Board
P. O. Box 95004
Baton Rouge, Louisiana 70895-9004

I have audited the basic financial statements of the Louisiana Soybean and Grain Research and Promotion Board as of and for the year ended June 30, 2014, and have issued my report thereon dated August 13, 2014. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance with the Soybean Promotion, Research and Consumer Information Act (hereafter referred to as the Act) and the Soybean Promotion and Research Order (hereafter referred to as the Order) relative to the use of funds collected by the State Board and with the terms described in Section 1220.228(a) of the Order relative to the investment of funds collected by the State Board is the responsibility of the Louisiana Soybean and Grain Research and Promotion Board's management. As part of obtaining reasonable assurance about whether the Louisiana Soybean and Grain Research and Promotion Board's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion.

The results of my tests, however, disclosed no instances of noncompliance with the Act or Order as described above that is required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and Legislative Auditor and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, the Legislative Auditor distributes this report as a public document.

Notes to the Financial Statement
As of and for the year ended June 30, 2014

INTRODUCTION

The Louisiana Soybean and Grain Research and Promotion Board was created by the Louisiana State Legislature under the provisions of Louisiana Revised Statute 3:3551. The following is a brief description of the operations of the Louisiana Soybean and Grain Research and Promotion Board and includes the parish/parishes in which the Louisiana Soybean and Grain Research and Promotion Board is located:

The Louisiana Soybean and Grain Research and Promotion Board is composed of twelve producer members appointed by the Governor of the State of Louisiana and serve terms concurrent with the Governor. Of the twelve members, eight are soybean producers, while four are practical producers of corn, wheat or grain sorghum. The Commissioner of Agriculture serves as an ex-officio member.

Located in East Baton Rouge Parish, the Louisiana Soybean and Grain Research and Promotion Board is charged with the responsibility of promoting the growth and development of the soybean, wheat, corn, and grain sorghum industries in Louisiana through research and promotions.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of the Louisiana Soybean and Grain Research and Promotion Board present information only as to the transactions of the programs of the Louisiana Soybean and Grain Research and Promotion Board as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the Louisiana Soybean and Grain Research and Promotion Board are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

Expense Recognition

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

B. BUDGETARY ACCOUNTING

The appropriations made for the operations of the various programs of the Louisiana Soybean and Grain Research and Promotion Board are annual lapsing appropriations.

1. The budgetary process is an annual appropriation valid for one year.
2. The agency is prohibited by statute from over expending the categories established in the budget.
3. Budget revisions are granted by the Joint Legislative Committee on the Budget, a committee of the Louisiana Legislature. Interim emergency appropriations may be granted by the Interim Emergency Board.
4. The budgetary information included in the financial statements includes the original appropriation plus subsequent amendments as follows:

	<u>APPROPRIATIONS</u>
Original approved budget	\$ <u>1,626,009</u>
Amendments:	<u>-</u> <u> </u> <u> </u> <u> </u>
Final approved budget	\$ <u><u>1,626,009</u></u>

- C. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS** (If all agency cash and investments are deposited in the State Treasury, disregard Note C.) See Appendices Packet - Appendix A at <http://www.doa.louisiana.gov/OSRAP/afrpackets.htm>, for information related to Note C.

1. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the Louisiana Soybean and Grain Research and Promotion Board may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the Louisiana Soybean and Grain Research and Promotion Board may invest in time certificates of deposit in any bank domiciled or having a branch office in the state of Louisiana, in savings accounts or shares of savings and loan associations and savings banks, and in share accounts and share certificate accounts of federally or state chartered credit unions.

Notes to the Financial Statement
As of and for the year ended June 30, 2014

For the purpose of the statement of cash flows and statement of net position presentation, all highly liquid investments (including negotiable CDs and restricted cash and cash equivalents) and deposits (including nonnegotiable CDs and restricted cash and cash equivalents) with a maturity of three months or less when purchased are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are required to be held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

GASB Statement 40, which amended GASB Statement 3, eliminated the requirement to disclose all deposits by three categories of risk. GASB Statement 40 requires only the disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either 1) uninsured and uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name.

The deposits at June 30, 2014 consisted of the following:

	Cash	Nonnegotiable Certificates of Deposit	Other (Describe)	Total
Deposits per statement of net position (Reconciled bank balance)	\$ 3,607,674	\$	\$	\$ 3,607,674
Deposits in bank accounts per bank	\$ 3,608,674	\$	\$	\$ 3,608,674
Bank balances exposed to custodial credit risk:	\$	\$	\$	\$
a. Uninsured and uncollateralized				
b. Uninsured and collateralized with securities held by the pledging institution				
c. Uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the entity's				

OTE: The "Deposits in bank accounts per bank" will not necessarily equal the "Deposits per statement of net position" due to outstanding items.
